Decorate it
your way!

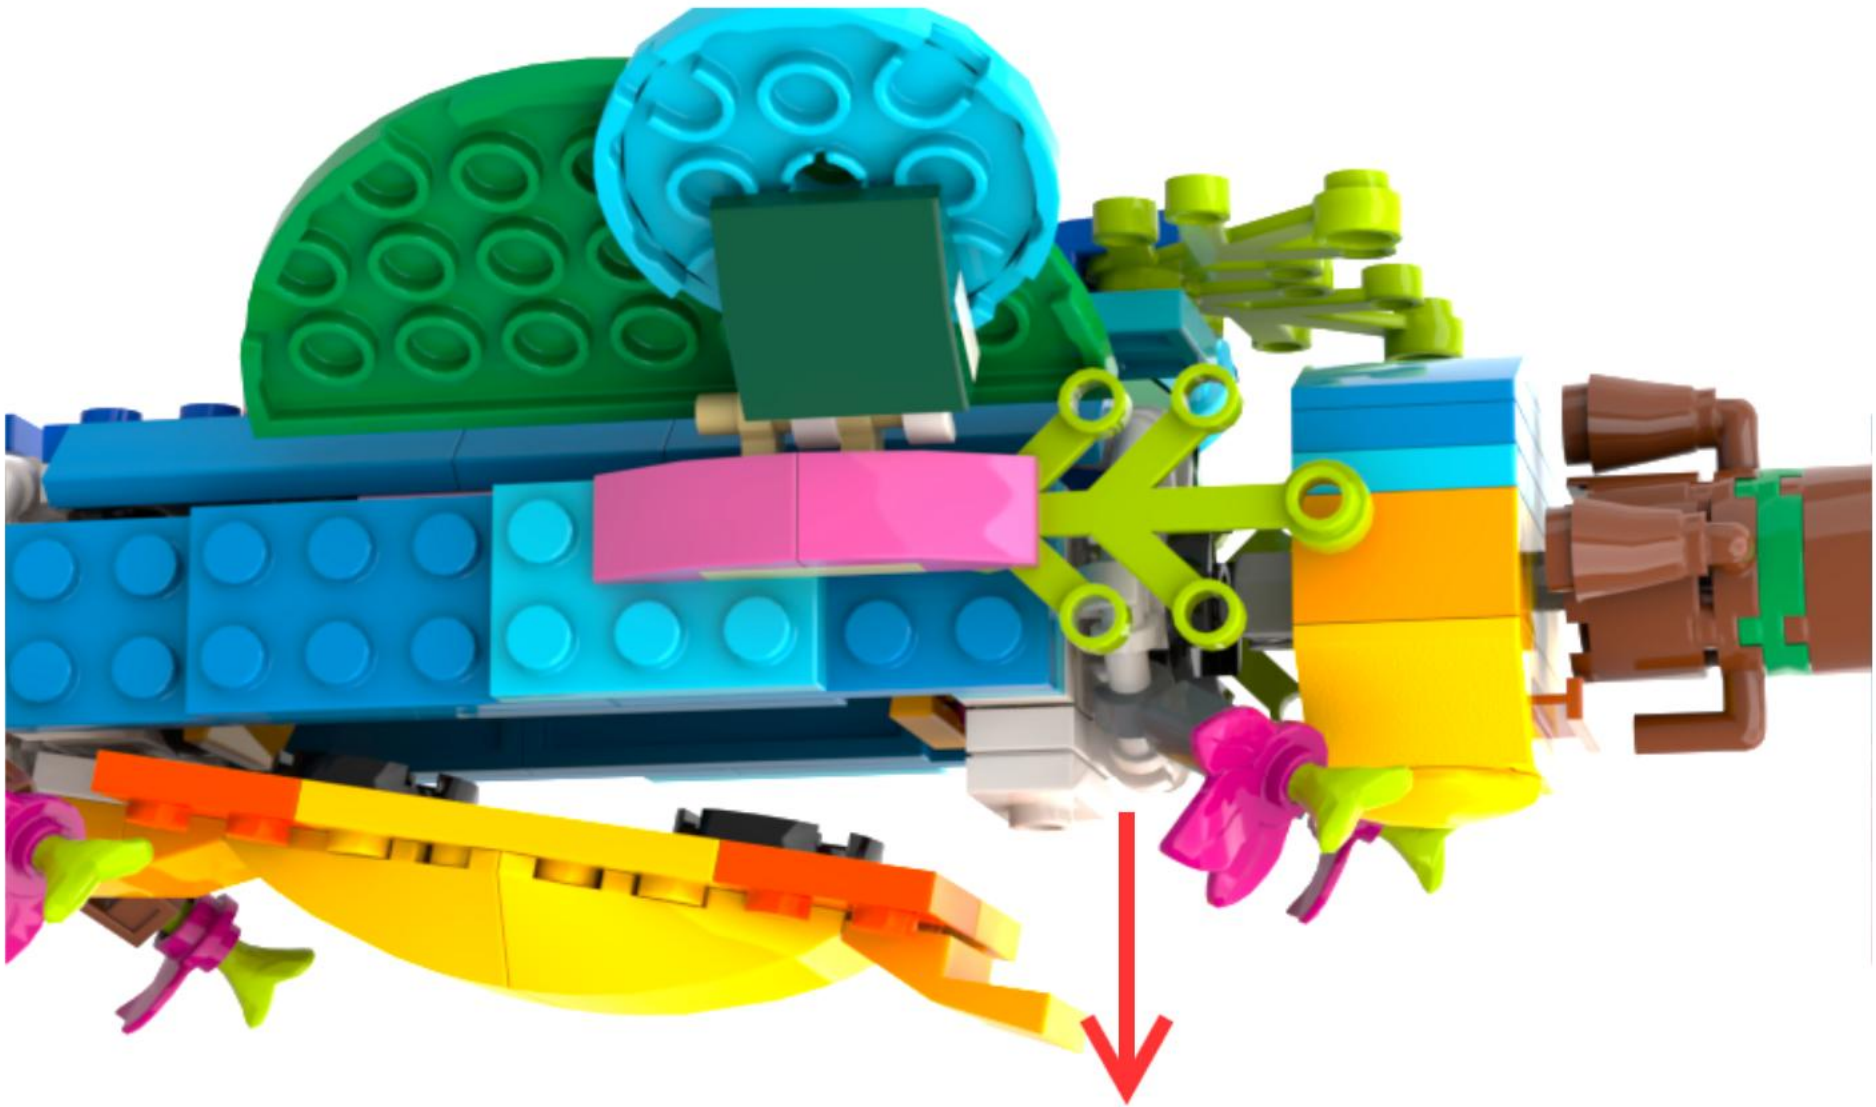

Wing lock for
high speed
passenger
protection

(it's a feature
not a bug)

Secret trick releases
flowers or eggs

Dedicated to 2 stars, of Brighthton and Amsterdam.

Good things

Can you swoosh it? Yes you can.
When threatened switches to angry sea horse mode.
Decorate it your way with all the pretty tiles left over. Try scales or streaming water.
Wings lock up for high speed passenger protection.
Legs swing down for landing.
Mouth opens (roaring not included).
2 seats: pilot ("steer by ear") and passenger. Additional on wing seating available for the budget traveller.
One secret trick releases flowers or eggs.

Bad things

Legs keep falling off.
Couple of tricky assembly steps. Don't be afraid to ask for help, also in life.
Mini-figs who don't fasten seat belts will get a fright in sea horse mode.
That one secret trick may also release poop.
Head rotates like an owl for confusing upside down flying.
Actually maybe that's a good thing.
